THE CREATIVE THINKER

THE MOLESKINE STORY

The heir of the legendary notebook.

THE ORIGINAL

The classic black notebook with ivory coloured pages and rounded corners is an object imbued with history and creativity.
Beginning in France and used by cultural icons like Vincent van Gogh, Pablo Picasso, Ernest Hemingway and Bruce Chatwin, the Moleskine Notebook has upheld and continued this legacy.

LEGENDARY BEGINNINGS

The notebook that Bruce Chatwin called "moleskine" became increasingly scarce in the 1980s before disappearing from production completely. In 1997, a small Italian publisher brought the **legendary notebook** back to life, and with it an extraordinary tradition of creativity and self-expression.

PAPER EVOLVES

Today, the original Moleskine Notebook is part of a **family of versatile tools**, for ordinary and extraordinary journeys, to foster creativity and improve productivity. We offer objects such as bags, accessories, writing instruments, booklights and digital device covers. Our Moleskine Plus Collection bridges the gap between analog and digital processes. While our Moleskine Books Collection is an essential resource for today's creative professionals: inspiring books featuring leading figures from the worlds of architecture, design, graphic design and fashion.

THE MOLESKINE COMMUNITY

Thousands of creations are posted online regularly by **fans of Moleskine**. We also engage offline through partnerships with some of the world's key cultural leaders, in-store events and travelling exhibitions, such as Detour.

OUR CONTINUING GROWTH

AN ORIGINAL BRAND

A cultural icon.

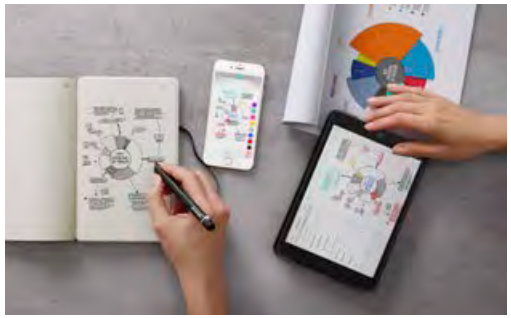
The international strength of the Moleskine brand comes from our continued connection to art, culture and the global creative community. It is an inclusive and premium journey brand that enables everyday life on the move. The brand values are founded on these five pillars:

CULTURE

Moleskine is a **cultural icon**, a brand that tells a story. A Moleskine object connects the owner to a heritage in art, literature, cultural and geographical exploration.

MEMORY

Moleskine is a brand connected to the collection of memories, the **organization of time** and priorities in our working life and in leisure time.



PERSONAL IDENTITY

A Moleskine object becomes an **integral part of one's personality**. It is a basic, compact and intelligent accessory. Symbolic and practical design elements are combined, releasing energy and emotions collected over time.

IMAGINATION

Moleskine collections are **open platforms for creativity**, trusty companions for meaningful existential experiences.

TRAVEL

Celebrating contemporary nomadism, Moleskine offers a collection of tools to accompany you on your ordinary and extraordinary journeys.

MY ANALOG CLOUD

What we carry is who we are.

From the contents of a notebook or bag, to an inspiring conversation at Moleskine Café, or an article in Fold, Moleskine objects and spaces are all platforms designed to enable self-expression and the diffusion of ideas.

Moleskine tools are chosen for their meaning, design and functionality, but it is the content recorded and stored inside that elevates and transforms them: the thoughts you document and the mix of items you never leave home without all tell a unique story about who you are. These contents make up your Analog Cloud.

An initial spark of creativity might be recorded in a notebook or Paper Tablet before being shared and developed online, eventually returning to paper in printed form – a process that relies on a mix of analog and digital Moleskine tools. Pick and choose the objects that embody your own individual identity and empower your ordinary and extraordinary journeys.

Find out what the contents of your bag and everyday belongings say about you by playing the My Analog Cloud online game to generate a tongue-in-cheek identity that can be printed or shared. What we carry is who we are: are you an Analog Conquistador or an Illuminated Ecologist today?

THE CREATIVE THINKER STORYLINE FOR 2019

Ideas for the future.

The Creative Thinker Storyline for 2019 motivates this year's new collections. It celebrates all forms of creative thinking and is inspired by leading international figures from the worlds of art, literature, music and pop culture.

Whether a painting, novel, song, comic or set of notes, the act of creative expression always begins with pen, paper and the spark of an idea. In 2019, Moleskine provides an ecosystem of tools that allow each spark to grow into a blaze of creativity and productivity. From notebooks to digital tools, bags and travel accessories, each interconnected object is designed to facilitate learning, growth and the ability to adapt to whatever the future holds.

Today, work and leisure time are increasingly overlapped, and there is a growing need to find ways to connect digitally as well as physically with people who share the same passions. Finding space and time to take our brains offline is both a luxury and a necessity, and the past is as much a refuge as a source of inspiration.

In 2019, Moleskine meets the needs of *Creative Thinkers* everywhere thanks to objects designed to store all the thoughts, experiences and belongings we gather as we move forward, one page and one idea at a time.

PERFECT OCCASIONS

RESELLING

Emilio Pucci is synonymous with bold geometric prints and bright color palettes. The brand became famous in the 1950s for its bright, flowing designs that contrasted starkly with the structured and restrictive outfits of the day. Emilio Pucci's patterns, lines and use of color, inspired by the world around him, continue to influence designers in Italy and beyond today. As part of the company's commitment to reducing waste, each of the 16 Custom Edition Notebooks made by Moleskine is covered with new fabric left over from the production process.

EMILIO PUCCI

HOLIDAY GIFTS

This Custom Edition Notebook, featuring the instantly recognizable Nike swoosh, was developed by Moleskine for end-of-year gifting. The American multinational, the world's largest supplier of athletic shoes and sportswear, found the perfect running companion in Moleskine. TECHNICAL CONSIDERATIONS

There are many ways to apply a company identity to Moleskine objects, from classic printing techniques to the latest technological advances. You can discover more about each below.
Note: when printing with debossing and silkscreen, results may vary. Our team will help you make the best technical decision to communicate your story.

FOIL DEBOSSING

This technique is the same that has been used for thousands of years to decorate objects using gold leaf. It creates an indentation which can be felt and the result is striking and elegant. It is available for custom editions in a range of colours including metallic colours (commonly gold, silver, copper or bronze). Foil debossing works beautifully with one or more colours, but has some restrictions.

DIGITAL FOIL PRINTING

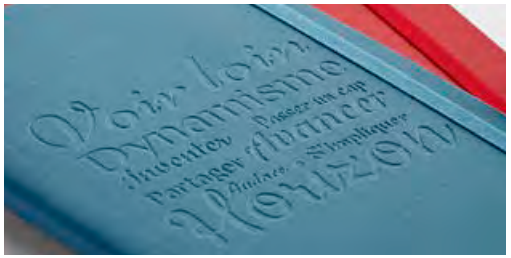
This technique produces an effect like foil debossing but without the indentation because it prints flat. This technique is mainly used to add names and initials to notebook covers.

DIGITAL PRINTING

This is a newer technique that allows us to reproduce full colour text and images, except metallic colours, on a variety of surfaces. Despite having some restrictions, it is a great way to replicate more challenging images.

BLIND DEBOSSING

Like foil debossing, this technique creates a strong indentation which can be felt. No colour foil is added so the notebook retains its original colour, creating an elegant yet discreet effect.



SILKSCREEN

Also called serigraphy, this is one of the oldest printing methods still in use today and results in bright, eye-catching colours. It can replicate almost any colour and therefore we always use it in printing logos and company colours. Despite some technical restrictions, this method works well with from one to four colours.

OFFSET PRINTING

This technique has largely substituted letterpress and lithography due to its higher quality, faster turnover, and lower production costs. It is a paper printing technique that Moleskine uses for all of our paper add-ons such as inserts, paper-bands, flyers and gift boxes. It is available only on paper add-ons and ad hoc projects.
